RE: Port Panama City U.S. Coast Guard Port Condition Update

Port Panama City Florida Port Condition ZULU

Beginning at 8:00 P.M CDT Wednesday, September 25, 2024, the U.S. Coast Guard will advance our port condition to ZULU. Port terminal and cargo operations are suspended at the East and West Terminals for the duration of Hurricane Helene.

Port Panama City will reopen to cargo and landside operations once weather conditions allow for safe operations. Please follow our official [LinkedIn Account](#) for Port Updates.
